Fiscal Analysis

Officials at the **Department of Elementary and Secondary Education (DESE)** assume any costs for the committee would be insignificant.

Oversight assumes this proposal requires the Committee on Schools for the Severely Disabled to report its finding to the Legislature by December 1, 2015 (FY 2016). Oversight assumes any costs for the committee could be absorbed with DESE's existing resources.

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
